A new level of excellence in surgical eyewear

Surgical Class Optik is the result of extensive research and engineering with the needs of the surgical nurses and physicians in mind. The end product provides truly innovative advancements in lens technology. In addition to a dramatic reduction in glare and eye fatigue, Surgical Class Optik offers unparalleled performance with proprietary anti-fog coating, lightweight design and superior no-slip comfort.

U18 optik

- >> Offers ultimate comfort and a pressure-free fit, weighing less than an ounce (18g)
- >> Provides exceptional optical clarity with reduced glare, anti-fogging and unobstructed wrap-around vision
- >> Innovative frame design ensures a non-slip fit on any face, combining comfort with a protective barrier
- >> Inclined aerodynamic lens geometry maximizes ventilation while minimizing glare

U18+ optik

- >> Over the glasses option
- >> Unique design that accommodates prescription glasses, allowing a comfortable, lightweight fit

U42 optik

- >> Wavefront optimized lens technology provides enhanced clarity and reduced glare and eye fatigue even during long procedures
- >> Proprietary quick-adjust temple design ensures a perfect fit for all sizes of faces
- >> Lightweight construction with wrap-around lens imparts unprecedented comfort and protection barrier

Designed and manufactured in Germany by UVISION, this new surgical eyewear is made with the same standards of excellence that have made other German brands the true icons of performance.
